

**THE  
STAFF  
COLLEGE**

PUBLIC SECTOR LEADERSHIP FOR CHILDREN'S SERVICES

# Chief Executive Officer

**A unique opportunity to help shape children's services leadership for a generation.**

The Staff College exists to provide leadership development in the field of Children's Services including education. It has a strong reputation and rich heritage but now needs to move to the next phase of its development. Closely associated with the Association of Directors of Children's Services (ADCS) the College works collaboratively with the sector and other partners to prepare leaders to meet the challenges of contemporary system leadership in the public sector. With the retirement of the current Chief Executive, the Board is now seeking applications for this unique role from people with significant relevant experience, professional credibility and an appetite for shaping the future direction not only of the College but of children's services leadership.

If you have the profile, experience and passion to lead the College into the next phase of its development we'd like to hear from you.
